Matters
arising.

Bridleway, Wymeswold Airfield.

Letters from Stephen Dorrell, M.P., and Sir George
Young, Department of the Environment have been
received.

Sir George Young said that he appreciated the desire
of the Parish Council to have the bridleway
reinstated, but he didn't think it right for the
taxpayer to provide it - which he would, as any
agreement he was to impose on the new owner of the
land to provide a bridleway would almost certainly
depress the purchase price.

Sir George Young concluded by saying that if the
County Council think that there would be public
benefit in reinstating the bridleway, then they will
be able to use their powers under the Town and
Country Planning Act, 1971, to negotiate with the
new landowner.

It was the opinion of the meeting that the matter
should not be taken any further.

The Clerk was asked to write to Mr.Stephen Dorrell
expressing the Parish Council's disappointment at
the contents of Sir George Young's letter.

the St.Philips nameplates with ones having the correct

records the nameplate Souters Lane is correct.

4

Clarke Homes development, Phase 1.

A reply has now been received from the Borough Planning Officer concerning points raised by Councillor Shields at the Parish Council Meeting on 13th. January, 1986.

The letter stated that the Borough Planning Officer is not happy with the state of the landscaped screen adjacent to Mr. Saunders property, and he is taking the matter up with the developers.

The question of the size of the storm water retaining lagoon is the responsibility of the Borough Surveyor, and a copy of the Parish Council's letter has been forwarded to him for his comments.

Plans giving details of the boundary wall alongside Melton Road were also received, and these met with the approval of the meeting.

The meeting agreed that Mr. Blitz should be invited to attend the next Parish Council Meeting, and to bring with him the original outline plans of Clarke Homes Development, Phase 1.
